PROFILE SUMMARY

Results-driven **Data Analyst** and **Business Systems Analyst** with 4+ years of experience transforming complex datasets into actionable business insights across aviation and IT sectors. Proven expertise in enterprise system architecture, predictive modeling, MIS reporting, SQL optimization, and process automation. Skilled at leading cross-functional teams, managing end-to-end project lifecycles, and converting business strategy into scalable, high-impact technology solutions.

EXPERIENCE

Bird Group – Bird Flight Services India Pvt. Ltd.

Jan 2026 – Present

Business and Systems Analyst

Vasant Vihar, New Delhi

- Architected and governed a mission-critical aviation platform across **18 stations**, driving enterprise-wide digital transformation and reducing system downtime **by ~30% through high-availability architecture standards**.
- Owned end-to-end software delivery lifecycle governance for 5+ concurrent modules, ensuring **100% regulatory compliance and on-time delivery** across all integrated platforms.
- Oversaw system and analytics integrations for 18 airport stations, translating business strategy into technology solutions that improved **operational reporting efficiency by 25%**.

Bird Group – Bird Worldwide Flight Services

Dec 2024 – Dec 2024

Executive – Marketing and Business Development

Vasant Vihar, New Delhi

- Managed and finalized airline ground handling agreements across 18 major Indian airports as the **sole signing authority**, covering negotiations with **20+ domestic and international carriers**.
- Analyzed airline and flight record datasets to identify **revenue growth opportunities**, contributing to a 15% improvement in ground handling utilization rates.
- Executed large-scale **MIS operations** and **data analytics workflows**, reducing analytical processing time by 35% through optimized data ecosystem design and automation.

Expedia Group – IGT Solutions

Dec 2023 – Jul 2024

Process Associate

Gurgaon, Haryana

- Configured and launched application environments across cloud infrastructure on **Amazon Web Services (AWS)**, supporting 3+ production systems with **99.5% uptime compliance**.
- Streamlined operational workflows and quality control processes, reducing task turnaround time by 20% within an IT and consulting delivery setup.

Edu Conclave

May 2020 – Jul 2023

IT Consultant and Faculty

New Delhi

- Administered and optimized the organization's complete **IT infrastructure – hardware, software, and networking** – for 100+ daily users, ensuring smooth and uninterrupted operations.
- Integrated EdTech solutions including **Learning Management Systems** and digital classrooms, increasing student engagement scores by **30% over two academic years**.
- Gathered and analyzed student performance data across 5+ batches, generating structured reports that informed academic planning and **improved pass rates by 20%**.

PROJECTS

Flight Reservation Information System | SQL | Normalized DB Schema

2024

- Built a full application with a normalized database schema achieving **35% faster queries** through optimized indexing and query design.

Air Quality Index Analytics Dashboard | Python | Power BI

2024

- Developed a multi-city data analysis dashboard covering **10+ environmental metrics**, enabling trend identification and actionable insights across geographic regions.

Personal Portfolio Website | JavaScript | Vercel

2023

- Designed and deployed a responsive personal portfolio website on Vercel, showcasing projects and technical skills with a modern UI.

KEY SKILLS

Languages & Programming: Python, SQL, Java, C++, JavaScript, PHP, MATLAB
Data Analysis & AI/ML: Python (Pandas, NumPy, Matplotlib, Seaborn), Machine Learning, Predictive Modelling, AI-Driven Analytics, EDA, Statistical Analysis
Database Management: MySQL, SQL Server, PostgreSQL, REST APIs, SQL Query Optimization, Data Modelling, Big Data Processing
Business Intelligence & Reporting: Power BI, Tableau, Advanced Excel, Excel VBA & Macros, Dashboard Development, MIS Reporting, KPI Reporting
Cloud & Tools: AWS, AWS Bedrock, JIRA, MS Visio, Git, Postman, LMS Platforms
Business Analysis: Business Analysis, Systems Analysis, Gap Analysis, BRD/FRD Documentation, UAT Coordination, Agile/Scrum, SDLC, Change Management, Requirements Traceability, Enterprise System Architecture
Soft Skills: Stakeholder Management, Cross-Functional Team Leadership, Communication, Problem-Solving, Data Storytelling, Attention to Detail

EDUCATION

Manav Rachna International Institute of Research and Studies <i>MCA – Specialization in Artificial Intelligence & Machine Learning, 8.2/10</i>	Jul 2024 – Jul 2026) <i>New Delhi, Delhi</i>
Integrated Institute of Technology, Dwarka Sector-09 <i>BCA – Bachelor of Computer Applications, 8.5/10</i>	Aug 2020 – Jun 2023 <i>New Delhi, Delhi</i>

CERTIFICATIONS & ACCOMPLISHMENTS

Data Analysis <i>IIM Calcutta – Certified in data analysis, Excel, and business decision-making</i>	2024
Advanced Excel and Data Analysis <i>Coding Ninjas – Certified in advanced spreadsheet techniques, automation, and analytical workflows</i>	2024
AWS Compute Services & Amazon Bedrock <i>Certified in cloud computing and generative AI application development</i>	2024
Cryptocurrency Trading Certification <i>Demonstrated expertise in financial markets and digital currency ecosystems</i>	2024
